

ABRAHAM RICHARDS.

APRIL 20, 1860.—Ordered to be printed.

Mr. FOSTER, from the Committee on Invalid Pensions, made the following

REPORT.

*The Committee on Invalid Pensions, to whom were referred the petition and papers of Abraham Richards, asking a pension, report :*

That your committee have examined the voluminous papers with care, and can find no evidence in all of them that the petitioner has acquired either a wound or a disease which has become chronic or that incapacitates him for life.

It appears the petitioner enlisted in the army during the war with Great Britain, in 1812. It appears he became sick and was sent to the hospital, and subsequently returned to the army and was discharged at the end of the war; but no note or proof of disability at the time. He appears now to be sick, but may not age cause this? Your committee therefore ask to be discharged from the further consideration of the subject.

Mr. Foster, from the Committee on Invalid Pensions, made the following

REPORT

The Committee on Invalid Pensions, to whom was referred the petition and papers of Abraham Richards, making a pension report:

That your committee have examined the voluminous papers with care, and can find no evidence in all of them that the petitioner has acquired either a wound or a disease which has become chronic or that incapacitates him for life.

It appears the petitioner enlisted in the army during the war with Great Britain in 1812. It appears he became sick and was sent to the hospital, and subsequently returned to the army and was discharged at the end of the war; but no word or record of disability is shown. It appears now to be sick, but why not get medical aid? Your committee therefore ask to be discharged from the further consideration of the subject.
